**Subject:** Positive feedback on your colleagues

Hello Karen,

I hope you are doing well. I wanted to give you some positive feedback on two of your staff—Julia and Billy. I had the pleasure of meeting them this week while helping another wetland consultant at the Climax Mine in Leadville. I was helping guide agency personnel's review of the wetland delineation and had substantial and informative discussions with both Billy and Julia. I'm sure this will come as no surprise to you, but they conducted themselves in a professional and impartial manner and were very knowledgeable in their subject matter. As is the case with the other folks I've met from your group, they were good humored and the type of folks you would want to spend two days hiking around the high country.

On another note, I've been able to reconnect with Gene Reetz and he has been very generous with his time/knowledge regarding stream/habitat restoration. He seems to be enjoying retired life immensely.

All my best,

Noah
